T.Y. Lin and Conrad Reunion 2007

What noteworthy projects have you been involved with (attach photos) from T.Y. Lin days and since? (Please add pages as needed)

Design of Holiday Inns ; Las Vegas, Design Build Ramada Inn Culver City Fox Hills, and San Francisco Wharf. In excess of a million square feet of Subterranean garages, numerous Mid-rise concrete frame structures.

How did T.Y. Lin days influence your career?

In every way ...Work ethics, persistence, tenacity and the ability to think outside of the box. "How to be a team player, and never take your eyes off the ball.

Memories of T.Y. Lin personnel, events, and projects:

Company work days and research projects, the renovation of the Oxnard office with the experiment of the water filled tube to produce the cored concrete roof. "The tubes flotted all over the place" it is humorous in hind site. The emergency design of the U.C. Santa Barbara Administration Building (including the all night session and sleeping on the basemant floor) with Charles Luckman Architect, the 666 ocean Blvd Tower in Long Beach and the major all night concrete pour of the pile cap foundation. Fresno Downtown Parking, The experimental combined Architectural Structural Plans for the Downtown Sacramento Parking Structure.(Now tha was thinking far outside of the box at that time) The precast concrete house in Oakland with 2" thick walls. The New York Brown-Stones Renovation. The research and production of the non-shrink concrete self repairing pipe section with John, his son and nephew, The development of the Atlas anchors and Hal Long, John Fujiwara, Kay Sullivan, Scott Adler, Chris Dietz, Kalman Lee Benuska, Bill Gates,Chuck Bouldon, Ray Itaya, Ken Bondy, Ian Stubbs, Dick Roti, The other Dick that left and returned (can't remember his last name. I think it was Wittiker) John Pak, Felix Kolka, Winston K C Lau, Hauson Chap, Y C Yang
